

Trained Workers Needed

In State Hospitals Committee of the State Medical Assn. Tells Governor

JEFFERSON CITY, May 25 (AP)—Lack of trained personnel is the biggest gap in Missouri's state hospital program, Governor Forrest S. Dyer was advised today.

A committee of the state medical association reported this to Dyer after a three-day study of the state's hospitals. The committee said the state could provide for the needs of patients and the community by the development of a special program to train personnel.

The committee also said the state should provide for the needs of the community by the development of a special program to train personnel.

Short Hairs But They'll be Very Feminine

WASHINGTON, May 26 (AP)—Think women are wearing short hair? Wait until next fall.

The coming of short hair is not a new thing, but it is a new thing for the Washington ban dresses and cosmetics.

The House Education Committee of America today here figured out 15 different hair styles.

Although the short hair will be very feminine, it will be very different from the short hair of the past.

Nationalist Troops Run Up White Flag

Dogged Defense Against Communists Is Collapsing

By Fred Hampton

SHANGHAI, May 26 (AP)—Nationalist troops today ran up a white flag atop the Shanghai postoffice and it appeared the dogged defense of the lower Szechow creek was collapsing.

The Communists crossed the Szechow bridge and began cutting up Nationalist prisoners. The Garden bridge was evacuated by the Nationalist but still was under fire from the nearby Roadway Mansion apartment where a number of Americans were trapped.

The Communists had not tried to cross the creek there.

It seemed to be only a matter of hours before the tough knot of resistance which has delayed Communist occupation of north Shanghai would be wiped out completely.

At 5 p.m. resistance from the embankment buildings' lower floor was continuing but tenants, including some 500 foreigners, were living to quit fighting.

Saw Machine Gunner

These persons in the Broadway Mansion said they saw a Nationalist machine gunner firing from the Red Cross marked entrance to the Shanghai General hospital on the north bank of the creek at the Hunan bridge.

After the white flag was raised in the postoffice, the Nationalist troops were ordered to leave the area.

The whole city breathed a sigh of relief for the thousands of Chinese civilians on the Bund and north of Szechow creek who had been trapped since early yesterday.

The United States and British consulates were lying in wait to be taken over by the Communists.

One report said that foreign and Chinese consulates were being taken over by the Communists.

Security Hearing Recessed

AEC Chairman And His Critics Come Face to Face in Committee Inquiry

WASHINGTON, May 26 (AP)—President Truman came to the defense today of Chairman David E. Lilienthal of the Atomic Energy Commission, who is under fire in Congress.

Mr. Truman told a news conference the atomic program is in good hands and in good shape.

He said he knows of personal knowledge how the program is being developed. And he deplores, he added, the blowing up of relatively trivial items in an attempt to reflect on the atomic chairman.

WASHINGTON, May 26 (AP)—David E. Lilienthal told Congressional investigators today the Atomic Energy Commission (AEC) cleared two men for secret work despite adverse recommendations from its security officer.

The AEC chairman named the men as Dr. Edward U. Condon, head of the Bureau of Standards, and Dr. Frank Graham.

At the time of the commission action Graham was president of the University of North Carolina. He is now a Democratic senator from North Carolina.

Lilienthal was the first witness as the Senate-House atomic energy committee opened hearings to charges of "irreparable mismanagement" in the AEC.

The charge, and a demand for Lilienthal's removal, came from Senators in which he sat atomic development was once bogged down but is now "really rolling" and that present research is directed at developing new atomic weapons of greater reliability.

Lilienthal asked that the inquiry embrace the accomplishments as well as the errors of the commission, and proposed a list of 30 scientists and others who should be called as witnesses. One was Gen. Dwight D. Eisenhower.

Senator Connally (D-Tex.) commented that such an inquiry might "tend to obscure" specific investigation of Hickenlooper's charges.

Hickenlooper objected that Lilienthal was attempting to emphasize "the emotional and of bomb making." What he is interested in, he said, is the policies of the commission.

"From the standpoint of actual production the atomic energy program has gone forward due to the zeal and loyalty of the scientific and technical personnel in charge of the various projects," Hickenlooper said.

"The point of my objection," he added, "is not to the activities of these people but to the administrative policies which

by Drew Pearson

WASHINGTON, May 28.—Before Secretary of State Acheson left for Paris, he stopped by Capitol Hill for some last minute, passing advice, which will shed light on some of the policies the United States will follow at the Big Four conference.

Two big questions came up during the hour long, closed-door conference.

1. How far should we go in reconciling Russia?

2. Where should we draw the line on German recovery?

Senator Vandenberg of Michigan cautioned the secretary of state against taking too stern a stand with the Russians. He agreed we mustn't give ground or show signs of appeasement, but at the same time he urged keeping an open mind to any honest peace overtures. His attitude was that we shouldn't burn the last bridge.

Senator Thomas of Utah was blunt and to the point about rebuilding Germany. "Is there any feeling anywhere," he asked, "that we should rearm Germany as a buffer against Russia?"

Acheson assured not, but Thomas kept hammering this point home. He warned that Germany, when she gets her strength back, might side with Russia; that Germany has closer ties to the east than the west; that the Germans even started rebuilding their army and navy across the Russian border after World War I. Thousands of Germans actually worked inside Russia until Hitler bit the hand that was helping him, Thomas recalled.

Watching German Factories

Senator Lodge of Massachusetts argued that we should strengthen Germany's economy without the building up of her war-making capacity. To prevent a resurrection of German military power, he demanded that Acheson insist upon a close watch on Germany's forces and factories.

The secretary of state promised this would be done. He added that Russia would have nothing to say about the Ruhr, since she got nothing from the Ruhr in peacetime.

"What do you mean by Russia?" Senator Thomas broke in.

"If you mean the satellite states, then Russia has all the interest in the world in the Ruhr," the Central European countries now behind the Iron Curtain, he added, always did a big business with the Ruhr, which would give Russia a voice in deciding the fate of the Ruhr.

Acheson and Vandenberg also engaged in a brief dispute over whether the right-of-way to Berlin had been definitely spelled out in the Potsdam agreement. Vandenberg argued that it hadn't been put in "contractual form," and urged the secretary of state to see that our right-of-way to Berlin is now made clear at Paris.

FDR, Jr. "Going Places"
No one fought the election of Franklin Roosevelt, Jr. harder than Vito Marcantonio, sole American labor representative in Congress. The bouncing, brilliant legislator from Manhattan stumped the twentieth district, trying to defeat the namesake of the late FDR.

But after it was all over and the votes showed young Roosevelt to be the overwhelming victor, Congressman Marcantonio met Congressman Chet Holifield of California on the floor of the House. Quoth he:

"You want to get aboard with Franklin Roosevelt. He's really going places."

Note: Young Roosevelt's victory in New York will be a big psychological boost to his elder brother in California where Jimmie plans to run for governor.

CIO Housecleaning
CIO President Philip Murray's attack on Communists and Fellow Travelers last week was even tougher than appeared in the papers.

It was so devastating that the Communist party-liners were thrown into complete confusion and, at one point, Ben Gold, president of the left-wing for workers union, became so disgusted with his fellow leftists he went out for a round of drinks. Returning, Gold stood up and de-

At another point Murray administered the crown to blow. With an eye at the New York trial of Communist leaders where in the justice department has produced scores of Communists who were actually government agents,

Fulbright is chiefly interested in John Hagerty, former head of the Boston RFC office, who got a \$30,000-a-year job with the Waltham Watch company after he helped the company get a big government loan. He is also interested in Sterling Foster, former RFC Washington official, who got an \$18,000-a-year job under similar circumstances from the Plywood Plyastics Corporation of Hampton, S. C.

Real Estate Lobby
Between 1,500 and 2,000 members of the real estate lobby have flooded Washington for the biggest fight against the public housing bill since the famous power-trust battle against the holding company act.

Heaviest pressure will be exerted on southern Democrats, whom the lobby has been trying to "soften up" with full-page ads in local newspapers and a flood of lobby-inspired letters and telegrams.

No pressure is necessary against the Republicans, whose leaders have evolved a secret strategy for killing housing. No longer will ex-speaker Joe Martin and Charles Halleck of Indiana charge that

public housing is "socialistic," but rather that it should not be passed "right now." Economy will be the theme-song.

However, about twenty progressive Republicans, mindful of their party platform which pledged support for the housing program, plan to denounce the leadership—if necessary.

Note — Actually the housing program would cost less per year than the potato subsidy program which the farm lobby is so anxious to keep. Subsidizing potatoes costs over a million dollars a day.

Celebration For Pastor of Tipton Church

A surprise celebration honoring the Rev. H. J. Breit, pastor of the St. Andrew's Catholic church in Tipton, was given Sunday evening, May 21, when members of his parish gathered for a buffet supper and program, the occasion being the thirty-fifth anniversary of his ordination to the priesthood.

The head table, which was decorated in spring flowers and tapers, was headed with a shower of cards and gifts.

Father John De Angelis, who acted as toastmaster at the afternoon program, presented John Dubeck, president of the Holy Name society; Mrs. Leo Miller, president of the Altar society; Mrs. L. E. Knipp, regent of the Daughters of Isabella; Miss Margaret Ann Greiville, president of the Sodality; and R. J. Muesel, grand knight of the Knights of Columbus. A spiritual banquet of prayers gathered for Father Breit from the various groups was presented him. Ruth Ann Kammerich, youngest pupil of St. Andrew's school, presented Father Breit with the spiritual banquet. The event was climaxed by the presentation by Father De Angelis of a blessing of the Holy Father, Pope Pius XII. The document bears the portrait of the Holy Father and the illuminated lettering done on parchment. The inscription reads as follows: "His Holiness benignly bestows on the Rev. Herman J. Breit on the occasion of the thirty-fifth anniversary of his Ordination to the Holy Priesthood. Given at the Vatican, May 8, 1949. (Signed) Archbishop Joseph Migone, private secretary to His Holiness." Father Breit responded with a talk.

On Monday, Father Breit, with his niece and her husband, Mr. and Mrs. Paul McGrath of Pittsburgh, Pa., left for Pittsburgh to be at the bedside of a sister, who is ill.

How Red Cross Money is Spent

A letter, concerning the recent disaster in Cape Girardeau, Mo., and Wood River, Ill., received in the office of the Pettis County Chapter of the American Red Cross was read with interest by members of the board.

Ray Lippard, chairman of the 1949 fund campaign, said: "The Red Cross has been able to give to the Red Cross in Pettis county and when calamities hit our friends in other places your money will be there to help. The second day of relief action on behalf of hundreds of tornado victims of Saturday night's storms in Missouri, where the National Red Cross funds 500 chapter volunteers and 21 national staff workers on the scene and preliminary Red Cross allocations of \$500,000 for tornado sufferers. This," continued Mr. Lippard, "is why we sent money out of Pettis county to the National organization at St. Louis, where the National organization has a surplus to use for disaster victims when it is needed."

A mobile canteen from Webster Groves Chapter rushed to the Cape to feed victims. In Wood River 4,300 meals have already been served by canteens from St. Louis and workers have set up first aid facilities to aid physicians and hospitals in the first rush of emergency. Fifty pints of plasma and 40 pints of whole blood were sent from the center in St. Louis to Cape Girardeau for the victims.

Mrs. Herbert Seifert, Mrs. C. L. Carter, Mrs. L. S. Golder and Mrs. A. W. Klang went to Warsaw Wednesday, where they attended the annual rose luncheon given by the Warsaw Garden club which was held at the home of Mrs. Kenneth Kuefer.

A large bed of roses was in front of the house and unusual arrangements of roses were used throughout the home.

The dining table, set for six, was centered with red roses while on all the other tables were center pieces either of pink roses or yellow roses. Place cards had small rosebud nosegays and favors were roses, both the shade of the centerpiece on the table. The entire luncheon carried out the rose idea with the peas being served in rose similes and the butter molded by hand into little yellow roses. The dessert, too, was in keeping with the rose theme and mints were also little roses.

Mrs. Seifert was the guest speaker and was introduced by the program chairman, Mrs. J. M. Richardson, a former Sedalia.

Mrs. Carter was then presented and gave a demonstration on design arrangement of roses.

Forty members of the Warsaw club attended the luncheon.

Approve Merger

JEFFERSON CITY, May 26.—(AP)—Merger of rural electrification cooperatives into "super co-ops" to get cheaper electric power" has been approved by a senate committee.

The agriculture committee took the action yesterday after hearing private utility artists argue against a bill letting the co-ops combine and REA representatives argue for it.

Co-ops want the same rights utilities and corporate owners, REA representatives told the committee. They explained by combining they could get power cheaper than from private electric interests.

When pistol shots failed to stop him, the chaser, along with his patrol car and bodily lifted the cyclist from his moving vehicle, which at times attained a speed of more than 70 miles an hour.

The cyclist, Richard Stoddard, 20, was arrested on 16 traffic counts.

\$15,000 Dama Damage Suit Goes to Trial

A \$15,000 damage suit, which came to Pettis county on a change of venue from Saline county, and was filed by Margaret K. Desmond, Administratrix of the estate of George A. Desmond, deceased, against the city of Marshall and Mr. and Mrs. Lee Jacoby, was opened in the Pettis county circuit court this morning before Judge Dimmitt Hoffman, and a 12 man jury.

The suit is the result of the death of George A. Desmond, 21-year old son of Mrs. Desmond, who was killed on May 25, 1948, in Marshall as a result of a collision with a pile of sand and gravel which caused the youth to run into a parked automobile, which later resulted in his death. He was riding a motorcycle at the time of the accident.

Leo and Beulah Jacoby, who were having a house built at the time of the accident, are alleged to have had half of the street blocked with rock and gravel where the accident occurred.

Members of Jury The jury, which took the oath this morning prior to opening statements from both parties, shortly after 11 o'clock, is composed of John H. Higgins, R. W. Dow, Ralph Mosley, E. H. Arnet, Clarence Schlesselman, P. C. Reed, N. L. Nelson, J. S. Dyer, Leo Homan, F. L. Schank, George James and W. H. Page.

Attorneys representing the plaintiff are James and Bacon law firm, J. Marion Robertson, all of Marshall, and John Martin of Sedalia.

The city of Marshall is being represented by Otha Rawlings, city attorney, W. T. Bellamy, both of Marshall, Don S. Lamm of Sedalia, and Arthur C. Popham, of Kansas City.

Mr. and Mrs. Jacoby are represented by R. D. Johnson, of Marshall, and Fred F. Werner, of Sedalia.

Work on Pools Progressing

Reeves and Schlup, consulting engineers on the two swimming pools being constructed in Sedalia, were in Sedalia Wednesday to review the progress and told their resident engineer, W. R. Blackwell that the work was coming along fine.

Men have already poured the basement walls with concrete at the Liberty park pool house and will complete the floor the first of the week and then will start setting the filters.

At the Liberty park pool the pouring of concrete is completed on the shell of the pool and the men are now waiting for the filters to arrive, which will probably be Friday.

Work on the Liberty park pool is going along as scheduled and it is expected to be ready for swimmers sometime in August.

Doctor Denies Accusation

ST. LOUIS, May 26.—(AP)—A Pennsylvania doctor said last night a suit accusing him of failing a child and billing the woman's husband for delivery of the baby was "filed for revenge and some easy money."

Dr. Paul A. Hinchberger was named in a \$60,000 suit filed at Butler, Pa., by Clair W. Hutzler. Hutzler alleged the doctor was the father of a son born to Hutzler six months ago. Hutzler also charged Hinchberger sent a bill to him for \$122.50 for the delivery.

The doctor said he had not acknowledged "a single cent" for delivery of the baby. "The suit was filed for revenge and for some easy money I don't have," he said. "It must be made perfectly clear that I at no time took advantage of my professional capacity. I will fight the suit if necessary."

Hinchberger, 37 and Mrs. Hutzler, 31, were found here by reporters. They are sharing an apartment while Hinchberger is taking a medical refresher course at Washington university.

Mrs. Hutzler has the baby with her. Both said they would like divorces from their respective spouses.

House Passes Key Road Bill Wednesday

Emergency Clause
Is Voted Down
By 78 To 49

JEFFERSON CITY, May 26 — (AP)—The Missouri House passed and sent to the Senate late Wednesday the key road program bill. The vote on the bill was 110 to 21. Then after another hour of bitter argument the House voted 78-49 on the emergency clause, killing it.

The clause, if passed, would have put the measure into immediate operation on passage by the Senate and signature by the governor. It takes 103 votes to pass such clauses. There were plenty of votes on the original vote but a group of representatives from populated areas refused to go along.

Supporters of the emergency clause said the road situation in rural Missouri is a pressing emergency. Defeat of the clause they said, would merely give the "oil interests" an opportunity to block operation of the law until after the 1950 general election at least. Thus the state would lose more than a year of road building time.

But opponents said it wasn't that at all. They said if the proposed law became effective at once the people wouldn't have a chance to vote on it through referendum.

The bill's supporters then recommended the House that the public still could use the initiative method of referring the law to statewide vote in 1950 if they didn't like it.

Would Double "Gas" Tax
Key to the bill is a provision doubling the state's two cents a gallon gasoline tax.

Rep. Howard Elliott (R) of St. Louis county was the only outspoken foe to hiking the tax. He said taxes are high enough and the people last fall defeated a proposal to raise gas taxes.

Under the bill's provisions, one cent of the increase could be allotted by the state highway commission for building rural roads. Each county would get its allotment one-quarter according to its population, one-quarter according to its proportionate road mileage and one-half according to the discretion of the state highway commission.

It follows generally along the design laid down by a special advisory committee named earlier by Gov. Forrest Smith. Without the emergency clause the measure can't take effect until 90 days after the beginning of a 30-day legislative recess. The bill's supporters say that would give the oil interest plenty of time to try to stop the law going into operation.

There wasn't near as much debate on the bill itself as there was on the emergency clause.

In the vote to pass the bill 18 Republicans and five Democrats voted against the measure. Elliott spoke at length against any tax increase. Then he sat down, but was brought back to his feet to answer several members' questions.

Rep. C. P. Turley (D) of Carter county complained he said Elliott wasn't confining his remarks to the subject.

The speaker, Rep. Roy Hamlin (D) of Marion county, said he guessed the tax went with the bill and let Elliott continue.

But Turley shouted:

"Yes, Mr. speaker, but he missed so many chances to sit down."

'A's' Tumble Carpenters Five to Two

Athletics Play K. C. Monarchs Friday Night

The Sedalia Athletics bunched more hits with men on base than the Carpenters' Union, of Kansas City to win 5 to 2 Wednesday night at Liberty park.

A fast and well played game was put on by both teams. It lasted only 2 hours and 10 minutes. Shipley started for the Athletics but was relieved by Walker in the fifth. Shipley up to the fifth had allowed four hits and two runs. Walker allowed only three hits the last four innings to be the winning pitcher.

Fourth in Big inning

In the fourth inning, the big inning of the "A's", George Thompson lead off with a single, McMakin sacrificed, Walker walked, Smith grounded out putting men on second and first, May hit a ground ball that the Carpenters tried to turn into a play at third, but Walker slid in ahead of the throw. With the bases loaded Wolf singled scoring two runs. Bismeyer then doubled scoring Wolf and May. Evans walked, Taylor walked, then George Thompson batting for the second time grounded to the second baseman who put out Taylor for the final out.

Wolf Leading Hitter

Wolf was the leading hitter for the Athletics getting two hits out of three times at bat. Richard second baseman for the Carpenters got 2 out of four. The only extra base hits were doubles by Bismeyer and Taylor, both Sedalia batsmen.

K. C. Monarchs Play Friday

At 8:00 o'clock Friday night at Liberty park the Athletics play host to the Kansas City Monarchs, the famous colored team that is so well known for their powerful hitters and fast base running. A real game will undoubtedly be the outcome of this affair which brings the Monarchs to Sedalia for a game after a long absence from the Sedalia diamond.

Out at Home in Double Play

Cleveland's Eastern Trip Was a Flop

By Jack Hand
(Associated Press Sports Writer)

Flop is the word for Cleveland's first eastern trip despite the long distance clouting of Larry Doby. Only the home run hitting of the talented Negro outfielder saved the Tribe from complete disaster. He couldn't do it all.

The world champions left their Jake shore wigwag May 11 after whipping the New York Yankees in a night game. They were in second place. No matter what happens tonight when they wind up their tour at Washington, they will go home in seventh place. No wonder Bill Vecek wants to start the season all over again.

450 Foot Homer

They have a 2-6 record against the Red Sox, Yanks, A's and Senators. Doby took care of one victory all by himself with a 450-foot plus homer, believed by many to be the longest ever hit at Yankee stadium.

If things ever get tough at Yankee stadium, Tommy Byrne can make a living beating Detroit. The New Yorker did it for the fifth straight time of his career yesterday, 6-2, striking out 12 men. That was the season high for strikeouts, passing Mel Par-

Athletic Body To Take Up Dispute

ST. LOUIS, May 26.—(P)—Missouri's new athletic commission will meet in Jefferson City June 4 to straighten out a misunderstanding arising from a disputed wrestling match.

Commission Chairman Charles Orchard called the meeting because Orville Brown, a suspended wrestler, was permitted to participate in an event last night in Kansas City.

Orchard suspended Brown for 30 days and fined him \$100 here two weeks ago.

Randall Jesse, Kansas City member of the athletic commission, said he understood that the suspension applied only to St. Louis. Orchard asserted.

The chairman said also that Brown was billed in Kansas City as a champion in direct violation of his order stating that all wrestling in the state would be regarded and advertised only as exhibition.

Gov. Forrest Smith appointed the three-man commission last April 15.

St. Louis Blanked Braves

Howie Pollet looked like the Pollet of 1946 as he pitched the St. Louis Cardinals to a six-hit 3-0 win over the leading Boston Braves. Warren Spahn had one bad inning—the fourth—when St. Louis scored all its runs.

Chicago's Cubs took the heat off themselves by defeating the New York Giants for the second straight day, 3-2. Bob Rush dejected Monte Kennedy with the help of Hank Edwards who drove in one run and scored another.

Bud Lively came through with another well pitched effort as Cincinnati shaded the Phillies, 3-2. A double by Danny Litwhiler, Johnny Wyrostek's single and an outfield fly broke a 2-2 tie in the sixth.

Cardinals Blanked The Braves 3-0

The first shutout this season by a St. Louis Cardinal pitcher is owned by handsome Howie Pollet. He blanked the Boston Braves 3-0 yesterday with a brilliant six-inning.

By taking both games in their series with the league leaders, the revived Redbirds narrowed the gap separating them from first place to four and one-half games. A crowd of 5,356 turned out for the contest at Sportsman's park.

Warren Spahn, the loser, had one bad inning. Chuck Diering, who started afield, started things going with a double hit third in the fourth inning.

Red Schoendienst singled and was trapped between first and second. When Diering broke from third, Bob Elliott threw high to Catcher Phil Masi, Diering scoring and Schoendienst reaching third. Masi doubled Schoendienst home and scored himself on Eddie Kazak's single.

One Walk And 3 Strikeouts

Pollet walked only one batter and struck out three in gaining his second victory against three defeats. He pitched out of trouble twice.

The Pittsburgh Pirates, who have been feuding with the Cardinals this year, visit St. Louis tonight with Red Munger scheduled to start for the Pirates.

Cliff Fannin and Tom Ferriek combined for a five-hit, 8-4 St. Louis Browns victory over the Red Sox at Boston. Fannin, who yielded only four hits but gave up five passes in his five and one-third innings, was credited with the victory.

St. Louisans' 13 hits included Jack Graham's eighth home run of the season. The only hit off Ferriek was a three-run homer by Al Zarilla. Joe Dobson was the loser.

Western Association Remains Idle Tonight

By The Associated Press

Three more pitching matchups are in Western Association records today, signed by Bob Norden, Danny Jent, and John Walsh. Norden struck out 17 Leavenworth batters at Muskogee last night as the Reds were winning 9-0. Norden gave up only four hits in notching his second shutout of the season and his fifth victory.

**Jewish Feast
Colorful One**

Shavuot is the most colorful of
the Jewish religious feasts. It
is the festival of the wheat har-
vest. The festival begins at sun-
set on Thursday, June 2, and
ends on Saturday, June 4. The
festival is celebrated by the
Jews everywhere. The festival
concludes at sundown Friday, June 4.
The Hebrew date is the 6th of
Sivan, 5700. Orthodox and Con-
servative Jews observe an addi-
tional day on Saturday, June 5.

According to tradition, Moses
received the Ten Commandments
from God at this season and es-
tablished for all ages the covenant
between God and Israel. In its
origin the festival celebrates the
harvest season. Seven weeks are
counted from the day when the
new barley was offered at the
Ancient Temple in Jerusalem and
on the 50th day the barley which
harvest was dedicated to the Al-
mighty. The authority for this so-
called day is written in the Bible.

Beautiful Confirmation Services
are held on Shavuot in temples
and synagogues. Flowers and
plants decorate the pulpits and
the young children offer the first
fruits and flowers of the season
before the open Ark of the Coven-
ant. The children, who have
completed their early religious
education, pledge themselves to

Wedding Glamour — Pick-me-up compact is a handy gadget on that big day. Designed by Volupte.

By Betty Clarke
AP Newsfeature Beauty Editor

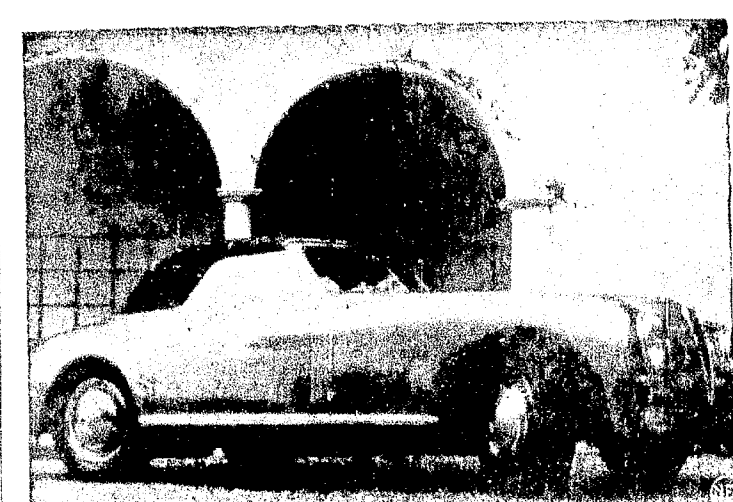

Most brides of etiquette now agree that the bride should be permitted the use of cosmetics on her wedding day. Thank goodness she doesn't have to use beet juice or get color from a rose leaf to bring appropriate blushes to her cheeks as her aunts did back in the thirties.

The trick for the bride to achieve still is the subtle makeup, of course. It must be in such good taste that even her best friends do not suspect.

The girl with vivid coloring can use a dab of rouge blended well into her foundation, lightly powdered over with a darker shade. She can put just a bit of rouge on her lips, blot it with cleansing tissue and still look ingenuit.

It is the pale girls that must do a deft job on their faces. These are the girls with blonde eyebrows and lashes, pale skin, perhaps freckled, red or light blonde hair.

The only alternative they have is to use all the darker shades of makeup — lips preferably. A

ROMEO FROM ROMEO—This battleship gray convertible Alfa Romeo touring car is Prince Aly Khan's wedding gift to his bride-to-be, movie star Rita Hayworth. The sleek number sports a blue canvas top and blue leather upholstery. The couple will be married in Aly's Riviera villa.

cake or creamy foundation, brow-applied, orange-red rouges and lush-red eyebrow pencil, carefully lipstick are their best bets.

Chill soft drinks and food before packing picnic basket.

One famous model says that she worried so much about the possibility of crying at her wedding and stressing mascara that she couldn't sleep for weeks before the wedding. "I needed the mascara, my eyes are so light and lashes so blonde," she said. "I just couldn't visualize myself looking pretty without it." Finally she hit upon the idea of dyeing her eyelashes, had it done at a beauty salon and found it solved the problem.

Another thing she worried about was the possibility of small blotches appearing on her face whenever she was in a state of excitement her skin developed a rash which looked like measles. She decided she would definitely have to use a foundation and selected a deep fusc creamy one.

In order to wear a tan makeup she knew she would have to follow the color down neck and throat, and she worried that it would stain her wedding dress. She hit on the idea of putting a few drops of iodine in vegetable oil and rubbing it into neck and throat. She rubbed off the oil and a faint tan stain remained, just enough to blend in with the shade of foundation and powder she had selected.

Every girl should have a dress rehearsal of her wedding makeup. If you are planning to wear a veil, try it after you experiment with your makeup, to get the final effect.

Be sure to take an attractive compact and a few makeup aids to the wedding reception. Even brides need to resort to a few beauty repairs.

"—NO MORE UPSET STOMACH"

Do you suffer heartburn after meals? Feel bloated? Uncomfortable? Then read this heartening letter from a woman who found her way to better digestion and better health:

"Before switching to POSTUM, I suffered both indigestion and nervousness. But now my nerves are quieted and my digestion much improved. No more upset stomach after drinking POSTUM!"

SCIENTIFIC FACTS: Both coffee and tea contain caffeine, and caffeine is a drug which in many persons tends to produce harmful stomach acidity, as well as nervousness and sleepless nights. So while many people can drink coffee or tea without ill-effect, others can't—and this may mean YOU!

MAKE THIS TEST: Give up coffee—give up tea—drink POSTUM exclusively for 30 days—and judge by mental (remember: POSTUM contains no caffeine or other drug, nothing that can possibly cause indigestion, nervousness, sleeplessness). Ask your grocer today for INSTANT POSTUM—A Vigorous Drink made from Healthful Wheat and Bran. A Product of General Foods.

Home Town Honors Leader

UNION CITY, Okla.—(AP)—This farm community in central Oklahoma owes a lot to one man—and it doesn't forget.

The man is Dr. D. P. Richardson, who joined in celebrating his 80th birthday with a basket dinner and program. Dr. Richardson has been practicing 55 years here and has been the only physician since the turn of the century.

Besides his profession, the doctor is also president of the town's only bank, the only druggist, and

Its former postmaster—an office now held by his wife.
Dr. Richardson also has been mayor more times than he can remember and has served as president of the Oklahoma State medical society and as a member of the Oklahoma banking commission.

Butter-nut BREAD'S GOOD IDEAS

KITCHEN TRICK

LUNCHTIME ALREADY?—Open both ends of a tall can of salmon, push contents out in one piece. Cut in four slices, spread with anchovy paste, dot with butter and broil.

HOUSEHOLD HINT

LOST the cork of your salt or pepper shaker? Use adhesive tape... it's handier, anyhow!

RECIPE

DEVILED CREAMED NOODLES

3 Tbsp. fat 1/2 lb. cooked noodles
2 slices onion, minced 1/4 c. buttered bread crumbs
3 Tbsp. flour salt, pepper
1 large can evapor. milk small can deviled ham
1 1/2 c. water

Cook onion in fat a few minutes. Blend in flour, add diluted milk gradually. Cook, stirring constantly, until thickened. Add deviled ham, season. Pour sauce over noodles in greased baking dish; sprinkle with crumbs. Bake in moderate oven (350°) 20-25 minutes or until crumbs are lightly browned. Serves 4.

BEST THAT'S BAKED

Something Old and Something New

She's Expensive, But Nice — This bride of 1949 wears a gown in embroidered Swiss organdy, designed by Joel, with Sally Victor's bonnet of ruffled lace. Her jewels, by John Hubel, include diamond brooch, ear-clips, platinum wedding ring and engagement ring.

Convertible Bridal Gown — Without the organza redingote, this wedding gown becomes a formal evening dress, of French lace with silver thread embroidery and one-strap of silver accented flowers. Her jewels, by Cartier, include diamond pin, ear clip and bracelet.

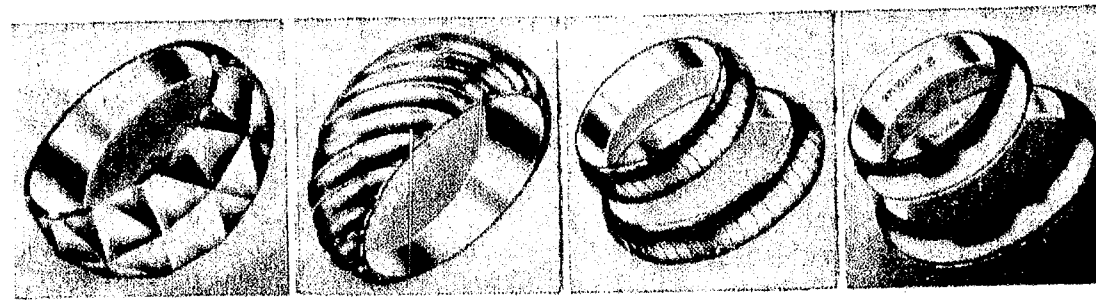

By Dorothy Roe
Associated Press Fashion Editor

The American bride is still the nation's number one spender, a recent survey shows, with this year's average expenditure per bride estimated at just under \$5,000, if she has a formal wedding and all the trimmings.

Papa's checkbook should be equal to the following expenditures, it was stated at a recent bridal clinic:

Wedding dress and veil	\$100.00
1 Going-away suit	70.00
3 Day dresses	90.00
1 Trousseau coat	60.00
2 Trousseau hats	30.00
3 Pairs shoes	45.00
2 Trousseau handbags	25.00
3 Pairs gloves	15.00
4 Pairs Hosiery	12.00
Costume jewelry	20.00
Trousseau lingerie	50.00
Trousseau Linen	50.00

This makes a grand total of \$803.50 for the trousseau, but that is just the beginning. If the bride is moving into her own home, she may put the bite on dad for some \$2,000 worth of furniture, silver and linens. The

wedding itself, including flowers, music, food and champagne for 100 guests, will set him back another \$1,000 at the very least. (This again refers to a formal wedding and reception.)

In addition the average bride receives from 50 to 100 gifts, ranging in price from \$10 to \$25. This represents around \$1,300 worth of merchandise.

Plus the bride of 1949 is a potential customer for \$4,000.30 worth of goods, and thus should

of a wedding license and a visit to a justice of the peace.

This year's bride is likely to choose her wedding gown in imported organdy and lace, which she hopes to convert later to a summer evening gown. Her head-dress is likely to be designed by a milliner, to be worn later without the veil, for dressy summer occasions.

Her tastes in wedding rings have gone conservative, and she probably will want a plain gold platinum or palladium band, with a matching one for the bridegroom. If she has a diamond engagement ring, the plain wedding band is the most popular choice, but if the young couple have eliminated the engagement ring, the wedding band probably will be more ornate and jewelled.
